# Student Practice Log

**Student Name/Grade/School** _____

To become a good musician you must practice regularly. Find a good, safe place where you can keep your instrument and folder. Take care of your instrument, and do not let anyone else handle your instrument. Try to practice at the same time every day, and do not forget to bring your instrument to school on the day of lessons.

Use this log sheet to record the amount of time you practice your instrument each day. **Your instructor will check your log each week and collect your log every seven weeks.** Practicing at least 10 minutes a day will prepare you for your weekly lesson. Enjoy making music!
